Re: Formal Approval of Form and Amount of Reclamation Surety, Ash Grove Cement Company, County Canyon Mine, M/023/024, Juab County, Utah

Dear Mr. Crutchfield:

On March 23, 1994, the Board of Oil, Gas and Mining formally approved of the amount and form of reclamation surety for Ash Grove Cement's County Canyon mine. The surety bond issued by Westchester Fire Insurance Company #6101957403 in the amount of \$23,000 is escalated to 1997 dollars. This surety held by the Division, along with the \$21,600 surety held by the BLM brings the total amount of reclamation surety held by both agencies to \$44,600. Neither the BLM nor the Division will release any surety without formal consent of the other agency.

Enclosed please find copies of the fully signed and executed Reclamation Contract and surety bond for your files.

Thank you for your time and efforts in helping finalize this permitting process.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
